## EXPERIENCE

### **Louisiana In A Box, Palmetto — Superstar**

2017 - 2019

Louisiana In A Box was a locally-owned Palmetto restaurant specializing in Seafood and Louisiana cuisine. At LIAB, I was there from the day they opened, until Covid-19 came and they shut down, leaving the ex NBA Star owner and his cousin to return back to Louisiana. I started out as a Cashier, proving my work ethic, I gained experience in Serving, Expo, Line Cook, Bartending, and Hosting.

### **FedEx, Palmetto — Package Handler**

2019-2020

FedEx was a shift in experience for me. While still enjoying a fast-paced environment, I gained warehouse work experience while unloading trailers in a timely manner. I was attending State College of Florida after my shifts were over at the warehouse. I left FedEx because my roommate and I moved into an apartment closer to school.

### **Dominos, Manatee County Locations — Manager**

2021-2023

At my most recent job, Dominos, I was responsible for a handful of things as manager. I conducted interviews, scheduling, managed inventory, managed food cost and labor, managed employees, cash drops, opening and closing shifts, restaurant cleanliness, and ensured the happiness of my customers and coworkers as they walked in and out of the fast paced environment. I worked closely with district managers and the franchise owner to manage locations all around Manatee county during my time at Dominos.

## WHY THIS IS THE JOB FOR ME

I am an authentically hardworking person. I am determined to meet deadlines and go above and beyond. As the son of a business owner, I understand that companies have needs that need to be completed. No matter what the job is, I put my all into it. I cannot remember one time I did not do something asked of me by my boss, because it does not sound like me. Additionally, I know I can do the work and meet expectations if other people can. While trying to sound humble, I would say I am always one of the hardest working on my team. I have bills to pay and a future to invest in just like others, so, I have no other option except to put in the work. Thank you for your time.
