As I worked my way up from associate to the manager, I became a fruit (etc. Toast, Acai, Pitaya (Dragon Fruit), Greens (Kale) bowl, Smoothies) prep with associate and manager qualifications. I work hard to ensure the shop stays over-prepared and merchandise is up-to-date and customers stay happy, I engage in conversation as well as give recommendations and keep a smile the whole time, a positive attitude and happiness are two essential traits for me. Despite my physical appearance, I'm a fast worker and can work well under pressure. I'm both a closing and opening manager.
