Work Experience

Barista/Shift Supervisor

Macy's - San Diego, CA

November 2021 to July 2023

My position is to greet guests as soon as they walk up. Make sure to answer any questions they may have and recommend any food or drinks from our menu. I also prepare the drinks and food for our guests making sure every modification is correct. I open the cafe almost every morning. I make sure everything is stocked and prepped for the day. Wipe and sanitize our cafe area to make sure everything is organized, neat, and clean. I also handle organizing our break room/stock room. I make sure everything has a place, is clean and organized, and making sure every item has easy access.

Crew Member

Target - San Diego, CA

July 2021 to November 2022

My position was in fulfillment. I would walk around the store with a cart and scanner and pick up items for guests who placed their orders online. I also worked in the back room packing and stocking. Making sure the items were in the correct box with the correct shipping label. I would unpack items we got on our delivery truck and make sure they were scanned in the proper place.

Catering Assistant/kitchen

Panera Bread - San Diego, CA

November 2017 to July 2021

I had many positions working at Panera Bread. My three main positions were line cook, caterer, and prep. On the line I would make food and drinks. Making sure the plating/to go orders were placed correctly and had all items for our guest. For prep I would cut/bake all our morning items for the day before the cafe opened. For catering I would make sure orders were made and packaged. Organized the office and filed any paperwork. Kept delivery van clean and gas tank full. I also delivered the orders to the correct address, loaded and unloaded service equipment along with the food. Made sure the client was happy with everything and even helped set up for the event.
