Professional Summary

I am a Dodger fan. I'm obsessed with pineapples. I'm looking to do more with my time than just going to college. I would like to make some money on the side so anything will help. I've had jobs in the past and I have one now. However I don't get enough hours so I'm looking for a job with high pay and gives me more hours. I'm looking for a job that gives me more than 3 hours a day right now so I can pay things like my car insurance and other bills.

Willing to relocate: Anywhere

Authorized to work in the US for any employer

Work Experience

Cashier

PEPE'S MEXICAN RESTAURANT-Garden Grove, CA

February 2025 to April 2025

Got let go because of not meeting some probation requirements. Still lost on what those could be.

But I am a hard worker, I can multitask. I clean well and do what I'm asked. I know how to take orders and try to keep myself busy at work

Shift Manager

Del Taco-Huntington Beach, CA

May 2022 to December 2024

Taking orders up front and working fast paced to beat the time

Learning the kitchen to make food like rolling burritos or memorizing multiple menu items

Counting the registers and working long shifts

Even some by myself

Learning how to multitask and not stay still

Have done the servsafe test to be in a good environment

Have been trained for promos with videos

Being in charge of a shift

Cashier

Chick-fil-A-Westminster, CA

November 2021 to December 2021

I was a cashier for a month just until I found another job. I needed the pay, however I left this place because it was low. It gave me the hours, 30 to 36 hours a week. I would like to work here again, it was a great community of people. It was a low pay when I started which is why I left but if it's higher or they will accept me back, I'll take it.

Shift Manager

Farmer Boys-Huntington Beach, CA

August 2020 to November 2021

I've been a cashier since the opening of the restaurant. I've worked the long hours to help portion dressings and ice cream. I'm always open to help out wherever I can. First off I started on outside order taking with the tablet. Then I went inside the restaurant to take orders on the pod system. Later on, I learned how to pack orders. I even sometimes worked in the kitchen to help prep things like burgers. As this all occurred, we didn't have a dishwasher, so I worked as a dishwasher most of the time as well. Before I left, I became a shift manager to help count the registers at the end of the night. When I close, I count the money, stock up the area, and set the alarm to leave the building. I've also helped out with organizing the building to be as clean as possible. Cleanliness and professionalism are the key to this job and that's what my boss told me I had to work in this type of position.

Education

High school or equivalent

Ocean View High School-Huntington Beach, CA

August 2015

Associate's degree in English

Golden West College-Huntington Beach, CA

August 2019 to May 2022
